The IHRA NZ app is designed to be used on any device, i.e. phone, tablet, desktop.
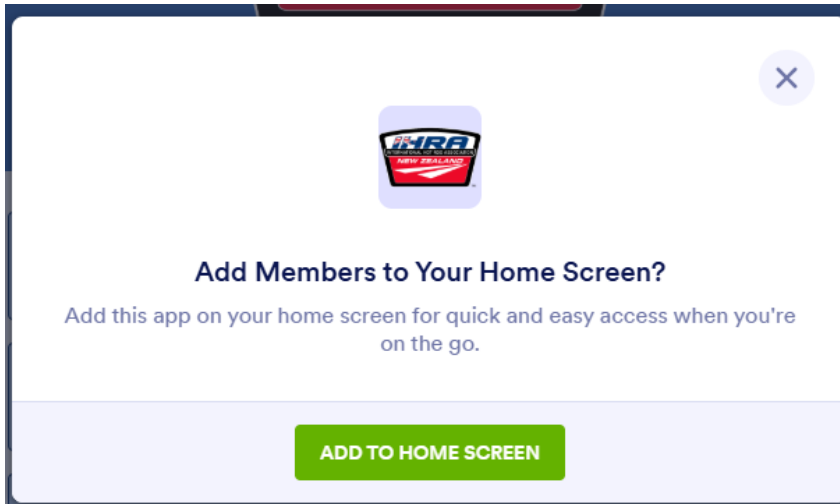

1. Click download
2. The app will open in your web browser.
3. A pop-up box will appear like below:

4. Follow the onscreen prompts to install.
5. The app will be saved to your homescreen and reopen.

What if the browser doesn't prompt me to add to my homescreen?

Follow the below instructions for either iOS or android devices.

For iOS devices:

1. Click download.
2. Tap the **Share icon** (square with an arrow pointing up).
3. Scroll down and tap "**Add to Home Screen**"
4. You may be prompted to name the app – you can leave it as is or customise it.
5. Tap "**Add**".
6. The IHRA NZ App icon will now appear on your homescreen.

For Android devices:

1. Click download.
2. Tap the **three-dot menu** in the top-right corner.
3. Select "**Add to Home Screen**"
4. You may be prompted to name the app – you can leave it as is or customise it.
5. Tap "**Add**" and then "**Add Automatically**" or drag the icon manually if prompted.
6. The IHRA NZ App icon will now appear on your homescreen.
